QUESTIONS AND ANSWERS

INTRODUCTION

The following document is essentially the World Rugby "Laws of the Game – Rugby Union", 2019, re-written in the form of questions and answers. It is not designed to be the "complete" bank of questions and answers pertaining to law, but simply a resource if individuals would like to either learn law via questions, or for training and development sessions. Where Game On provisions apply, this has also been noted. For your reference, the Game On laws are outlined below.

GAME ON APPLICATION

- (a) When a team participating in a Designated Premier Grade Competition is unable to provide at least 15 players for a match (including the number of trained front rowers required by 5(e)), that team shall forfeit the match and the opposition team will be deemed to have won the match and will receive the winning competition points (without any bonus points). The match may still be played in accordance with the Game On Provisions (without impact on the official match result or competition points).
- (b) When a team or teams participating in a competition that is not a Designated Premier Grade Competition is or are unable to provide at least 15 players for a match (including at least 3 players who are trained to play in front row positions), but both teams have at least 10 players, the game will proceed in accordance with the Game On Provisions, without any consequence to the match result or competition points.

 - b. Rolling Replacements (Grades above Secondary School Rugby only). Rolling replacements will be permitted in all games played under the Game On Provisions unless the teams agree that Rolling Replacements will not be used, and notify the referee prior to kick-off. 1/2 Game rule applies to Secondary School Rugby.
